THE TTS CONNECTION

Welcome to the inaugural issue of The TTS Connection, a monthly newsletter from TradeTech Solutions created to keep you informed of program features, updates and company news.

As many of you may already notice, we have a new look! We recently launched our new web site and branding – TradeTechSolutions

Each of our 5 modules are highlighted with the features and report functions they support. Product modules are also featured with screenshots and descriptions. Also, meet our team and learn about Matt Scarborough's professional background and find out what it means when we say that the TTS Platform was created "For the Industry by the Industry". Access for the TTS Platform and Total Order Entry are also still accessible here

Check Out a few screen shots below of our new site!

The Only **All-In-One** Software
Solution for Manufacturer's Reps

For the Industry, By the Industry

The TTS Platform can be called the electrical manufacturer's reps ERP system! No other software solution does all 5 functions – Quotations, Sales Analysis, CRM, Total Order Entry and Marketing. Integrated pipeline management means more efficient and effective

Did You Know?

Did you know that TradeTech is much more than an inventory control center? The TTS Solution is actually 5 integrated modules - Quotations, Sales Analysis, CRM, Total Order Entry and Marketing.

The TTS Solution

The TTS Platform is the manufacturers rep revenue generator. It is an all-in-one software

solution for quotations, sales analysis, CRM, inventory, and marketing. It is a powerful, yet user-friendly system that is easy to navigate and seamlessly transitions from your current program/process. With the ability to do everything in one system, it saves time, which translates into $$. There are multiple pricing options available to fit your needs.

TradeTech Solutions is excited to be the technology service provider for NEMRA
